Phone: +977 9860165704

## PROFESSIONAL SUMMARY

Motivated and creative BSc. (Hons) Computing student with strong skills in frontend development, UI/UX design, and user-centered solutions. Proven ability to lead solo and team-based projects from concept to deployment. Strong foundation in web technologies, design systems, and modern development practices. Eager to contribute innovative solutions and continuously grow as a developer with expertise in both technical implementation and creative design.

## **EDUCATION**

#### **BSc. (Hons) Computing**

Softwarica College of IT and E-Commerce (Coventry University, UK)

**Expected Graduation: October 2025** 

## +2 Management Faculty

Trinity International College, Dillibazar, Kathmandu

Completed: 2022

## **RELEVANT MODULES**

- Programming & Software: Object Oriented Programming, Programming & Algorithms, Software Development, Programming for Developers
- O Web & Mobile Development: Web Development, Web API Development, Mobile Application Development, Intro to Mobile App Development
- o Database & Architecture: Database Systems, Computer Architecture and Networks
- Data & Logic: Data Science for Developers, Mathematics for Computer Science
- Projects & Application: Enterprise Project, Individual Project Preparation, Computing Activity Led Learning Projects 1 & 2
- o Creative & Business Thinking: Be Your Own Boss, Creative Thinking for Business, Design Thinking and Innovation
- Others: People and Computing, Software Design

## **TECHNICAL SKILLS**

- Languages: Java, Python, JavaScript, HTML, CSS
- O Web Development: React.js, Node.js, Express.js, TailwindCSS
- o Backend: Node.js, Python
- o Databases: MySQL, PostgreSQL, MongoDB
- o Version Control: Git, GitHub
- o Design & Creative Tools: Figma, Blender, DaVinci Resolve
- o Development Tools: VS Code, Android Studio, R Studio
- o UI/UX: Figma (Component design, Prototyping, Wireframing), User Research, Design Systems
- o Practices: Agile, Scrum, MVC, OOP, Responsive Design, User-Centered Design

## PROJECT EXPERIENCE

#### Laugh Tale - Mental Health App

A comprehensive mental health support application with focus on accessibility and user experience.

- o Designed complete UI/UX using Figma with emphasis on user-centered design principles
- o Created detailed wireframes, user journey maps, and interactive prototypes
- o Implemented responsive design patterns and accessibility features
- o Focused on creating calming and supportive user interface for mental health context

Tools: Figma (UI/UX Design), User Research

Role: UI/UX Designer

Figma Prototype: Laugh Tale Mental Health App

#### Dunamis – Free Learning Resource Library

Digital library platform providing free educational resources with intuitive navigation.

- Developed comprehensive design system and user interface
- Created responsive web design optimized for various devices
- Implemented modern web technologies for seamless user experience
- Focused on accessibility and easy resource discovery

Tools: HTML, CSS, JavaScript, Figma

Role: Full Stack Developer + UI/UX Designer

Demo: View Project

#### **Active Construction Company Website**

Full-stack web application for construction company with modern design and functionality.

- Built responsive frontend using MERN stack architecture
- o Designed complete UI/UX with focus on professional business presentation
- o Implemented dynamic content management and user-friendly navigation
- o Created consistent brand identity throughout the application

Tools: MongoDB, Express.js, React.js, Node.js, Figma

Role: Frontend Developer & UI/UX Designer

Academic Project: Third Semester

## Academia – Student Management System (Desktop App)

Java desktop application for comprehensive student records, attendance, and results management.

- o Designed intuitive user interface using Java Swing with modern UI principles
- o Created user-friendly frontend for student data management and reporting
- o Implemented responsive design patterns within desktop application constraints
- o Collaborated with backend team for seamless data integration

Tools: Java Swing, MySQL, JDBC, Figma

Role: Frontend Developer & UI/UX Designer

GitHub Repository: Academia Project

#### Eclat – E-Commerce Platform for Bags

Modern e-commerce website specializing in customizable bag sales with interactive 3D product visualization.

- Designed comprehensive UI/UX for seamless shopping experience using Figma
- o Developed responsive frontend with modern web technologies
- o Created detailed 3D bag models using Blender for product visualization
- Integrated interactive 3D customization feature allowing real-time color changes
- o Implemented user-friendly product customization interface with live preview

Tools: HTML, CSS, JavaScript, React.js, Blender, Figma

Role: UI/UX Designer & Frontend Developer

GitHub Repository: Eclat E-Commerce

## PROFESSIONAL EXPERIENCE

#### UI/UX Designer & Developer | Freelance | 2023 - Present

- Designed and developed multiple user-centered digital solutions for academic and commercial projects
- o Created comprehensive design systems and interactive prototypes using Figma
- o Collaborated with cross-functional teams to deliver projects on time and within scope

#### Email Marketing Designer | Autoplexion | 2023

- o Designed responsive email templates that increased customer engagement and revenue
- o Optimized email campaigns with focus on user experience and conversion rates
- o Maintained brand consistency across all email communications

#### Social Media Content Creator | Forall Manufacturing | 2022

- o Developed engaging visual content for social media platforms using design tools
- o Managed brand aesthetics and maintained consistent visual identity
- o Increased brand awareness through creative content strategies and design thinking

## **CORE COMPETENCIES**

- Design Thinking: User-centered approach to problem-solving and innovation
- o Communication: Strong verbal and written communication skills in English and Nepali
- o Collaboration: Proven ability to work effectively in team environments and lead design discussions
- o Adaptability: Quick learner with ability to adapt to new technologies and design trends
- Project Management: Experience in managing academic projects simultaneously with attention to detail

#### **LANGUAGES**

Nepali: Native

o English: Fluent (Professional proficiency)
